### POLICE SAY BOY ROBBED STORE IN SEARCH OF FOOD

Stanley Junious, Colored, 15,  
Caught in Act of Rob-  
bing Lisbon Store.

### NEEDED FOOD FOR STARVING CHILDREN

Judge Riddle Probing Case;  
Find Girl, 14, Trying  
to "Mother" Kids.

His brothers and sisters starving  
and hungry himself, a Lisbon youth  
sits in a jail cell, meditating  
how to break the law to provide food for  
his family.

Stanley Junious, colored, 15, com-  
mitted a series of robberies in Lisbon  
so he admitted to Chief of Police  
George Groves, when he was found  
robbing the store of the Lisbon Pro-  
vision company, West Lincoln way,  
Thursday night, for the purpose of  
obtaining food for his younger brothers  
and sisters.

He first admitted robbing the store  
of Hancock & Robinson, West Park  
way, Lisbon, several weeks ago, when  
he took bread and meat.

During the last three nights the  
store of the Lisbon Provision com-  
pany has been entered, and a trap  
was laid for the thief Thursday  
night.

Edibles were taken from this store  
each time it was entered by Junious.  
The boy is to be taken before Ju-  
venile Judge Lodge Riddle.

The mother of Junious is in Akron,  
but draws a mother's pension from  
this county. The father is dead. The  
family of children live in a small  
house on the Logtown rd. which is  
the first house north of the Canton  
bridge out of Lisbon.

Judge Riddle is of the opinion that  
the children will have to be placed  
in an institution.

A 14-year-old sister of the young  
thief is "mothering" several smaller  
children.

### KILL FAKE RAIDERS IS JUDGE'S ADVICE

Columbus Jurist Says Such  
Men Are No Better Than  
Burglars of Homes.

Columbus, Jan. 22.—Judge E. V.  
Mahaffey, of the Columbus municipal  
court, stood four-square today on  
his electrifying advice to law-abiding  
citizens that they must meet illegal  
raids on their home by brutal "dry  
agents" with drawn revolvers—ready  
to shoot to kill if necessary.

The startling declaration fell from  
his lips, the same lips that a few  
moments before sentenced Ralph De-  
witz, special dry constable, to 30  
days in the workhouse and fined him  
\$100 and costs on a charge of assault  
and battery. Dewitz was convicted on  
charges filed by Frank Kernaghan  
whose home was ransacked by the  
"liquor agents."

Kernaghan testified he had been  
handcuffed and his wife rudely treat-  
ed while Dewitz and his companions,  
a man having no police powers upset  
everything in their home in a vain  
search for contraband.

"Had this thing happened to me,"  
Judge Mahaffey declared, "and if I  
had had a gun I don't know but what  
I'd have shot and shot to kill."

"Prohibition is not a failure itself.  
The fault lies with the officers enforce-  
ment."

"In this case the dry agent had no  
more right in Kernaghan's home than  
a burglar. We had better start to  
clean up the officials who enforce our  
laws."

### JURORS ARE TAKEN TO MURDER SCENE

Sandusky Women, on Trial  
For Killing Daughter,  
May Take Stand.

Sandusky, Jan. 22.—The prosecu-  
tion will complete its case against  
Mrs. Mary Keller, on trial for the  
murder of her little daughter, Fay  
Elizabeth, who was shot to death  
according to Prosecutor John A. Cle-  
ver, E. M. Moore, who also said that  
he would ask that the jury be taken  
to the scene of the crime and viewed  
the place where the girl was killed.

Having viewed in getting into the  
room the substance of an alleged  
confession made to him by Mrs.  
Keller, who is attending the trial,  
of the court that the actual con-  
fession should be excluded, the state is  
satisfied that it has proved its con-  
viction, Moore said.

The trial will be adjourned this  
morning until Monday and indication  
according to Moore that the case will  
not reach the jury before the middle  
of the week.

CHARLESTON CONTEST AT AL-  
LIANCE, EL-MAC HALL, SATURDAY  
NIGHT, JAN. 23. CASH PRIZES  
AWARDED FOR BEST COUPLES. 171

### Handsomest, Best Dressed

August Paul Knatz, left, and Allen F. Maybee, scored land-  
slide victories in the annual election at Columbia University  
as the best dressed and handsomest men in the senior class.  
Maybee, who hails from Kalamazoo, Mich., may be matched  
by fellow students in a contest for national college beauty  
honors. Knatz lives in Brooklyn, N. Y.

### DURKIN IN CELL; WAITS CHARGE OF SLAYING OFFICER

Chicago Murderer in Tight  
Fix as Sweetheart Deserts  
Him for the State.

Chicago, Jan. 22.—Martin J. Durkin,  
pacing a cell in the county jail as he  
awaited arraignment during the day  
on two charges of murder, learned  
with dismay that he was in a tight-  
or predicament than he had supposed.

For one thing an incautious admis-  
sion, made in a signed statement  
while intoxicated by the limelight in-  
to which his capture thrust him, as-  
sumed menacing proportions as vir-  
tually riddling his plea that he shot  
and killed Edward J. Shanahan, de-  
partment of justice operative who was  
seeking to arrest him, in the belief  
that the federal agent was a hold-up  
man.

"I tried to talk it over with him,"  
was the admission which, the state's  
attorney says, proves that Durkin  
knew who Shanahan was. Durkin's ef-  
forts to explain a way what he meant  
tangled him in a maze of contradic-  
tions which are part of a second  
sworn statement.

Even more damaging to him is the  
intimate defection of Betty Werner,  
his one-time sweetheart, and the wav-  
ering of his bride, Irma Sullivan Dur-  
kin, at last beginning to realize just  
what kind of a man she married.

Probe His Marriage  
Betty Werner was openly aligned  
with the prosecution today and pre-  
pared to tell what Durkin told her  
during the 24 hours he spent with her  
after he killed Shanahan and just  
what he said and did before he walked  
with her into a police trap that caused  
the death of Detective Harry I. Gray  
from Durkin's bullets and the acciden-  
tal killing of Betty's uncle, Lloyd  
(Continued on third page.)

### SENTENCE THREE BANDITS TO DIE

Chicago, Jan. 22.—Henry Pernekes,  
so-called "Midget bandit," and two  
companions in a street robbery which  
culminated in a killing today were  
sentenced to hang in the county jail  
here on Feb. 19.

Judge William N. Gemmill in pass-  
ing sentence termed Pernekes "the  
most dangerous outlaw in this com-  
munity."

The other two men were Daniel  
McGeoghegan and John Flannery,  
their victim was Michael Swinnow-  
ski, treasurer of a building and loan  
association, who was shot when he  
registered efforts to relieve him of  
\$18,000 he was taking to a bank.

### PYTHIAN LODGES HERE SATURDAY

A district meeting of the Knights  
of Pythias lodges in Ashtabula,  
Trumbull, Mahoning and Columbiana  
counties will be held in this city Sat-  
urday night at the K. of P. hall,  
Chestnut st.

The grand chancellor, William  
Lueders of Marietta, is expected to  
be present as well as several other  
grand lodge officers.

This is one of a series of eight dis-  
trict meetings which are being held  
this winter in addition to the county  
meetings.

This is an open meeting and the  
public is welcome to attend. There  
will be a social time and entertain-  
ment in connection.

Hong Kong, Jan. 22.—Several hun-  
dred adherents of General Chang  
Kwang Ming are invading the Island  
of Hainan.  
The invaders have landed on the  
eastern end of the island.

### SEEK SLUGGER AS ANOTHER GIRL IS BEATEN IN TOLEDO

Girl Is Attacked by Man  
After She Leaves Street  
Car Near Home.

### HUNT FOR MANIAC IS STARTED AGAIN

Slugger-Killer Has Enlarged  
Area of His Operations,  
Say the Police.

Toledo, Jan. 22.—Police this morn-  
ing were faced with a renewal of the  
work of the "slugger-killer." Miss  
Dorothy Barton, 20, was beaten into  
unconsciousness by a man who fol-  
lowed her from a street car. The at-  
tack occurred in front of her home.

Before she lapsed into coma, the  
girl screamed for help. Her cries  
aroused her father who chased her  
assailant for several blocks. The  
Bartons live in Mount ave. five miles  
from the West End section of the  
city, where nine women have been  
victims of the slugger, three of whom  
have died.

While in this instance the girl's as-  
sault used only his fists, Police  
Chief Jennings this morning was  
strongly inclined to believe that the  
slugger had enlarged his field of op-  
erations and that a dangerous maniac  
was still at large and had returned  
to Toledo after an absence of six  
weeks.

Meanwhile, authorities were still  
without definite clues to the identity  
of the murderer of Miss Mary Hand-  
ley, who was killed by a slug or early  
Tuesday morning. While conflicting  
theories were advanced, police be-  
lieve the crime to have been commit-  
ted by the slugger, although jealousy  
of the attention paid by men to the  
woman have been advanced as a pos-  
sible motive for the murder.

### WEEKS IS SUED FOR A MILLION

Taxpayers Suit, Charging  
Fraud, Filed Today in  
District Court.

Washington, Jan. 22.—A taxpayers  
suit for \$1,102,000 against Ex-Secretary  
of War John W. Weeks was on  
file today in district supreme court.  
It was brought in the name of the  
government by Charles B. Brewer, a  
former assistant attorney general,  
who startled the country several  
years ago by charging that millions of  
dollars in government bonds and se-  
curities had been duplicated in the  
government printing plant.

The suit was an outgrowth of the  
government's purchase during the war  
of seven Austrian ships for \$5,778,000,  
and the subsequent payment of \$550,-  
000 additional to A. T. Herd and  
George A. Carden, in a claim they pre-  
sented to the war department as a  
result of the sale. The claims board  
rejected the Herd-Carden claim, but  
Weeks subsequently paid it, the suit  
set forth.

No contention of fraud in the sale  
of the ships was made, but Secretary  
Weeks was charged with "falsely  
and fraudulently" procuring the pay-  
ment of the Herd-Carden claim.

Washington, Jan. 22.—Albert Mc-  
Donald of Westchester county, N. Y.,  
was today selected as warden of the  
new federal prison at Chillicothe, O.,  
which is to house young men who are  
first offenders.

McDonald has for eight years been  
head of the East View Prison in West-  
chester county, and will assume his  
new duties on March 1 next.

### CITY HALL BURNED IN \$500,000 FIRE

Ogdensburg, N. Y., Jan. 22.—Fire  
which destroyed the town and city  
hall and municipal opera house, and  
which threatened to wipe out the en-  
tire business district, caused a loss  
of approximately \$500,000 early today.

Several buildings across the street  
from the city hall were afire and fire-  
men directed their efforts solely to  
saving the business district from de-  
struction.

### PICK WARDEN OF NEW OHIO PRISON

Washington, Jan. 22.—Senator W.P.  
Ham E. Borah (R. of Idaho) leading  
foe of the world court, this afternoon  
launched a new attack upon Ameri-  
can adherence to the International  
Tribunal.

He warned the senate that the  
court was an agency of the league of  
nations, created to "enforce peace by  
force," and predicted a world em-  
broiled in bitter war at no far distant  
date if the United States is plunged  
into the "maelstrom" of European  
jealousies and hatreds.

The chief task of the league of na-  
tions is to wipe out the "firetraps" of  
Europe. But questions which directly  
interest nations not now members of  
the league; how can they be settled  
peacefully without the permanent sup-  
port of all the great powers, and es-  
pecially of the United States?

M. Painleve declined to answer a  
question as to whether a reduction of  
the period of occupation of the Rhine  
land might be expected to follow a  
real inclusive disarmament pact. He  
refused to commit himself on whether  
or not France would accept the Ger-  
man thesis that the same extent to  
which she has been forced to disarm  
by the treaty of Versailles. Both  
questions, he pointed out, could only  
be answered by the head of the gov-  
ernment.

Asked what attitude France will  
take if the American delegates insist  
upon withholding the subject of

### STUDENTS FAVOR VOLUNTARY DRILL

Ohio State Students Reject Compulsory Mil-  
itary Drill in Test Vote on Campus; Ohio  
Pastors Condemn Defense Day Test.

Columbus, Jan. 22.—Male students  
at Ohio State university Thursday  
voted against compulsory military  
drill. In view of the vigorous cam-  
paign against military training, the  
result was regarded as close. The  
vote was 1099 against the system of  
compulsory drill that has been in ef-  
fect since 1872, while 709 voted for  
compulsory training.

A total of 1,544 students indicated  
they believed in military training in  
some form, and only 266 were op-  
posed, thus indicating the rock-  
bottom strength that the pacifist ele-  
ment was able to muster.

Little Pacifist Strength  
A total of 1,330 voted that they be-  
lieved that training had a place in  
the curriculum, and 465 voted "no."  
A total of 1,131 voted that they had  
received physical benefits from drill,  
and 634 said they had received none.

Of the seven colleges that voted,  
only one, the College of Engineering,  
was in favor of compulsory drill. The  
result in this school was: Compulsory  
184, optional 132.

The vote in all four classes was  
about evenly divided.

Students voted on the following:  
Do you believe in any form of mil-  
itary training?  
Do you believe that military training  
has a place in a university cur-  
riculum?

No Change in Drill  
Do you believe that military training  
in the curriculum should be com-  
pulsory or optional?  
Have you received any benefits phy-

sically or educationally from the train-  
ing you have received?  
Regardless of the result of this ref-  
erendum, drill at the university will  
continue to be a required subject so  
long as the board of trustees remain  
as now constituted.

According to the members of the  
board, no change is now contemplated  
and none is to be made based either  
upon the result of the election, or up-  
on the report of the faculty committee  
that is at present studying the ques-  
tion with relation to its educational  
value.

Condemn Defense Day  
Columbus, Jan. 22.—Resolutions  
condemning draft laws, defense test  
day, scholastic military training, and  
declaring the church should not "ap-  
prove or sanction" any war, were  
adopted by 800 Ohio pastors here  
Thursday shortly before their annual  
convention adjourned.

"We hold the individual conscience  
never should be suborned by the state  
for engagement in warfare, and that  
the church as a universal organiza-  
tion, never should give its approval  
and its sanction to the state in the  
prosecution of any war, read the res-  
olution condemning draft laws."

Rev. William Hiram Foulkes, pas-  
tor of the Old Stone Presbyterian  
church, Cleveland, was re-elected  
chairman of the convention for 1927.

Rev. Ira D. Warner, Akron; Rev.  
Frank H. Nelson, Cincinnati; Rev.  
Levi G. Baiman, Youngstown; Rev.  
W. Griffin, Cleveland, and Rev.  
Stephen K. Mahon, Toledo, were  
chosen vice chairmen.

### NAB BANDITS IN SIX-MILE CHASE THRU BROADWAY

New York, Jan. 22.—A six mile  
chase through the theatrical district  
and up Broadway at its gayest hour  
accompanied by an exchange of 30  
shots culminated early today in the  
arrest of two robbers who gave their  
ages as 17 and 19, respectively.

The chase started when the pair  
were observed breaking a window of  
a sporting goods shop. They leaped  
into a taxi and fled at high speed  
while a policeman a block away com-  
mandered a passing automobile and  
opened fire.

Before many blocks the lone pur-  
suer was joined by detectives and  
policemen all of whom commanded  
cars and private cars and mount-  
ing on the running boards began  
using their guns freely. More than  
20 commanded automobiles partici-  
pated in the chase.

### RELEASE SUSPECTS IN STORE ROBBERY

Three young men were arrested  
and placed in city jail Thursday af-  
ternoon as suspects in the case of the  
robbery of the Paxson grocery store  
on the night of Jan. 9.

These men, who were thought to  
have been from Elwood, Pa., were  
released by Chief of Police T.  
W. Thompson Friday morning because  
of lack of evidence against them.

### BORAH WARS ON PLAN FOR COURT

Washington, Jan. 22.—Senator W.P.  
Ham E. Borah (R. of Idaho) leading  
foe of the world court, this afternoon  
launched a new attack upon Ameri-  
can adherence to the International  
Tribunal.

He warned the senate that the  
court was an agency of the league of  
nations, created to "enforce peace by  
force," and predicted a world em-  
broiled in bitter war at no far distant

the league; how can they be settled

M. Painleve declined to answer a  
question as to whether a reduction of  
the period of occupation of the Rhine  
land might be expected to follow a  
real inclusive disarmament pact. He  
refused to commit himself on whether

### Urges Farm Board

Champaign, Ill., Jan. 22.—A federal  
farm board, established and main-  
tained by the government along the  
same lines as it now operates the fed-  
eral reserve board, today was urged  
as the solution of the problem of dis-  
posing of surplus from products by  
Frank O. Lowden, former governor  
of Illinois.

The board is expected to meet soon  
and select a successor to President  
J. E. McGilvrey, who recently was  
dismissed by the board as head of  
the Kent Normal school. McGilvrey  
was charged with being absent from  
the school without authority. Other  
irregularities in the management of  
the school were alleged, also.

On Witness Stand  
Washington, Jan. 22.—Huston  
Thompson, leader of the insurgent  
minority of the federal trade commis-  
sion, took the witness stand today be-  
fore the senate judiciary commit-  
tee investigating the failure of the  
department of justice to prosecute the  
Mellon-owned Aluminum Company of  
America under anti-trust laws.

### NEW COLD WAVE TO COVER STATE; FORECASTERS SAY

Telephone Lines Snap as  
Thermometer Drops in  
Ohio Over Night.

PREDICT 4 TO 8  
DEGREES BELOW

State Shivers as Blizzard  
Sweeps Down From North  
Bringing Cold Again.

Columbus, Jan. 22.—A cold wave,  
with the thermometer ranging from  
4 to 8 degrees below zero, is pre-  
dicted for Ohio tonight. The Ohio  
forecast, as announced today at the local  
United States weather bureau fol-  
lows:

Fair and continued cold tonight,  
with temperature from four to eight  
degrees below zero. Saturday fair and  
continued cold.

Cincinnati Covered  
Cincinnati, Jan. 22.—Cincinnati and  
vicinity are covered today by a blan-  
ket of snow more than three inches  
thick. The storm which lasted seven  
hours, delayed traffic and wrecked one  
building.

The weight of the snow on the roof  
caused the collapse of the upper  
floor of the warehouse of the Joslin-  
Schmidt company on Spring Grove  
avenue and the precipitation of a five-  
ton hog-killing vat from the third  
floor through the second and first  
floors of the basement. Charles More-  
head, night superintendent, and a dozen  
men at work in the basement nar-  
rowly escaped death when the heavy  
container crashed through the build-  
ing. The damage is no great as the  
structure was no longer used as a  
factory. It had been a slaughter  
house originally, but was used as a  
warehouse.

Bell Lines Out  
Cleveland, Jan. 22.—Carried on the  
icy wings of a genuine norther,  
Cleveland and northern Ohio, today  
was to experience the coldest weath-  
er thus far this winter, according  
to a forecast by Weatherman Emery  
here this morning. A temperature of  
10 above zero was predicted by night-  
fall with a steady drop to even low-  
er levels before the cold snap will  
end.

The streets, covered with a thin  
glare of ice, were dangerous alike to  
pedestrians and motorists.

The Ohio Bell Telephone company  
reported today that due to cold  
snapping the wire 51 long distance cir-  
cuits in the state were out of com-  
mission today.

In the western division, which com-  
prises the territory around Toledo  
there were 22 circuits out. The av-  
erage temperature in this area was  
reported as zero.

In the northern division, comprising  
Cleveland other territory in northern  
and eastern Ohio four circuits were  
out and the average temperature  
was nine above zero.

In the eastern division including  
the cities of Akron, Youngstown, East  
Liverpool, and others, 14 circuits are  
out and the average temperature was  
16 above zero.

In the southern division, including  
Columbus, Dayton and other cities  
there were six circuits out with an  
average temperature of 12 above zero.

The American Telephone and Tele-  
graph company also reported a num-  
ber of circuits out of commission.

Local exchanges throughout the  
state also reported considerable  
trouble.

### TWO ARE SELECTED AS KENT TRUSTEES

Wooster and New Philadel-  
phia Men Named by Gov-  
ernor to School Board.

Columbus, Jan. 22.—Governor Don-  
ahy today announced the appoint-  
ment of John D. Overholt, Wooster,  
Republican, and Norman Senhauser,  
New Philadelphia, Democrat, as  
members of the Kent Normal school  
board of trustees.

Overholt, a banker and manufactur-  
er, succeeds the late D. C. Willis,  
Cleveland banker, who died recently.

Senhauser, a clothing merchant, is  
successor to W. K. Maxwell, formerly  
of Akron, who resigned because of  
moving to Illinois.

The board is expected to meet soon  
and select a successor to President  
J. E. McGilvrey, who recently was  
dismissed by the board as head of  
the Kent Normal school. McGilvrey  
was charged with being absent from  
the school without authority. Other  
irregularities in the management of  
the school were alleged, also.

## THE AVERAGE

The world's work is carried on by average folks. Occasionally we have a Burns, a Shakespeare, a Caesar, or a Napoleon, but they are rare. The output of humanity, is on the whole, only fair; fair sermons, fair poems, fair manufactured products, fair crops raised, fair business and professional accomplishments.

This is because most people are not willing to put forth the utmost effort. They are content with the average. Not "somewhat better," but "that will suffice." Instead of most of us giving all we can of self, we try to figure out what the smallest amount is that will answer.

The average in people is seen in two things—inheritance and attainments. Some people are blessed with about 100 per cent native ability, and their attainments are 50 per cent of what they should be. Sometimes there are those who rank about 50 per cent in endowments, but their returns are 100 per cent. Others are blessed with about 50 per cent of what we like to call "genius," and their attainments are about in that ratio.

Now the trouble with our world is that most of its people are in the third class, when they could just as well be in the second class mentioned. A mediocre kind of work is being accomplished, when it should be first class. The reason for this is that those of limited endowments claim exemption from responsibility. That principle is not only wrong, but it is perilous.

Refuse to use your right arm for a few weeks, and you will find it hard to use. Fail to exercise it for a few months, and you lose the use of it. That atrophy of disuse is manifested in our heaven-born gifts. The less we do, the less do we want to do. Disinclination to serve arises from moral atrophy. It is the result of failing to exercise the gifts we do have.

The person most highly blessed is not he with many endowments, but it is he who uses what he does have. The first may be spectacular but the latter is far more useful.

When a person makes a success in life, and towers above his fellows, he is accomplishing no more than he ought to. Every person ought to be successful. If nine persons out of ten fail, they should be blamed for it, but the tenth one deserves no honorable mention. He is simply doing his duty, while the others did not.

An average person who fixes his eye on an average standard will do average work—which is far below the standard that should be maintained. About 90 percent of the world's woes is attributable to second-rate methods in the hands of one whose creed is, "I'm as good as the average." He is right, and that is the reason he is not farther along in the world.

The average person is needed for the reason that there are precious few of those above the average. But the second need is the greater.

## America's Powder Magazine

By FREDERICK J. HASKIN

Washington, Jan. 22.—Among the recent discoveries of the Geological Survey are those in connection with the crater of Aniakchak, a tremendous volcanic mountain, either dormant or extinct, which is a little more than 150 miles southwest of Mt. Katmai and the Valley of Ten Thousand Smokes.

The discovery of this mundane Gopernicus—for its appearance reminds one of those mystic lunar craters that reveal themselves to the eye of the telescope—closed a huge gap in the chain of volcanoes that extend for 600 miles along the axial line of the Alaska peninsula and the Aleutian Islands to form the Aleutian unit in the Asiatic volcanic procession.

Of the 42 active, dormant or extinct volcanoes that make up this unit, Aniakchak is the largest single one. The Valley of Ten Thousand Smokes, overfueled and smoldering around the furnace of Katmai, is more extensive, but Aniakchak is larger than Katmai itself.

It is about 25 miles northwest of Aniakchak bay in the central part of the Alaska peninsula on the divide between the Pacific ocean and the Bering sea. There are no trails, but this place is easily accessible from either side of the peninsula. Aniakchak river, the largest stream on the peninsula, rises in the crater, floods through the east side of the rim, and then flows to the Pacific ocean.

It breaks out of the crater and begins its rapid descent to the ocean through a picturesque cañon. On the east side, where two great mountain buttes rise, their almost symmetrical peaks lead to their divergent from the canyon on either side of the river, and enclose the upper valley. These giant sentinels of the river's exit are called "The Gates," and they look out to the southwest as if they were on watch and ready to warn the slumbering spirit of the volcano against the approach of human intruders. And perhaps some day it will heed their warning and "blow" its force of flame and lava, for the guarding sentinels are in the process of becoming extinct.

Aniakchak surprised its discoverers. When the geologists sent out by the Geological Survey under the leadership of R. H. Sargent realized what it was and saw it from its rim they were awed and silenced by its vastness. For the last 17 years Sargent has led a party annually into the midst of the American powder magazine and Aniakchak has kept its secret from him and his colleagues.

To be sure they knew there were heights there and that there was a great circle of peaks, but that the dumb mouth of one of the world's "powder" magazines was near, they did not know, and it was not until 1922 that they discovered it. Since then they have been investigating it and studying its phenomena.

## Salem Man Asks Jail Sentence So He Can Break Habit

Pleading guilty to a charge of intoxication and disorderly conduct, Charles Murphy and Thomas Cannon have been sent to jail at Lisbon in default of fines.

"We want to go to jail to get rid of the habit," the men told the Lisbon city court.

Thereby hangs a story of two men, mechanics by trade, who have declared they are down, but want to get up.

Put "Thomas Cannon" is not the right name that was handed the court. It has been learned later.

After 12 years, it is said, "Thomas Cannon" has returned to Columbiana county, his former home, and from which he has been absent for 12 years.

"No, don't tell mother," the man said to a fellow prisoner in the county jail who recognized him. "It would break her heart."

"Cannon was a former resident of Salem. His mother still resides there.

After the men were placed in jail, they asked Sheriff George Wright for the jail physician.

"Nothing doing," came the reply. "It's straight water you'll get and nothing more," they were told. "Lots of water will fix you up quicker than a doctor."

## Questions And Answers

By FREDERICK J. HASKIN

Q. What states do not have an inheritance tax? J. B.  
A. Alabama, Florida and Nevada do not have this form of state tax.

Q. Did the "Los Angeles" fly over Washington before she was christened? What was the date? C. M. McG.  
A. The "Los Angeles" emerged from the fog over the northeast section of Washington at exactly 12:30 o'clock, Nov. 25, 1924. As there was considerable time to spare between the arrival and the christening ceremony, the ship flew over the city for almost two hours. It then passed down the river and hovered over Mt. Vernon until called by radio for the christening ceremony. The Z. R. 2 was formally named "Los Angeles" by Mrs. Coolidge at 4:46 p. m. On the sides of the ship in large letters appeared U. S. navy and toward the tail was a star. Between this star and the rudder in smaller blue letters was written "Los Angeles."

Q. Should a young lady be congratulated upon her approaching marriage? O. G.  
A. It is not considered to be in good form to congratulate a prospective bride. She is to receive one's good wishes. The prospective bridegroom is congratulated. The bride's mother receives the kind wishes of her friends. The mother of the groom-elect receives kind wishes and congratulations. In speaking with a young woman who has recently been married, one offers her wishes for great happiness. Her husband is congratulated.

Q. How long should wild ducks be roasted? M. O. C.  
A. An ideal way to cook ducks is to put them in the roasting pan without stuffing. Pour a little hot water in the pan, put a few slices of onion, salt and pepper in the water. Place in hot oven. Baste the birds occasionally. Cook from 20 to 25 minutes.

Q. In Auction bridge, which side wins a rubber, the side that wins two games or the side which makes the most points? M. S. T.  
A. "The rules of the Whist club of New York for 1926 say that the side which wins two points is the winner of the rubber. This is a change from the rule in force at that time which was that the side winning two games won the rubber, this making the expression 'winning a losing rubber' possible.

Q. A says that the idea of establishing libraries in the manner followed by Andrew Carnegie was not original with him. B says it was. Can you throw any light on the subject? W. T. J.  
A. From manuscripts discovered by French explorers throughout China and Tibet it would seem that Houei Tze, a wealthy Chinese merchant of the fifth century originated this idea, an extract from one of 20,000 or more rolls of MSS. before the "Library of the East" was founded at Peking. The idea of libraries may never be discarded and that the grateful may do honor to

memory as long as Buddha lives. Into dark places have I thrown the light and the light will be with me forever.

Q. What is meant by Police Verso? I think it is the name of a picture. D. B. W.  
A. This famous painting by Gerome is that of the victor in a gladiatorial contest standing over his vanquished rival looking toward the spectators for their verdict. They are represented with thumbs down (the latter being the meaning of the words Police Verso) which signal meant death to the defeated. A well known philologist has passed the opinion that "the thumb symbolized the short Roman sword, and the gesture which meant the death of the vanquished gladiator was given by turning the hand over, into an unnatural position, with the thumb (sword) pointing at the defeated man."

## DURKIN IN CELL

Continued from First page  
Austin, by a police sergeant. Betty's  
testimony may be the turning point in  
Durkin's trial, the prosecutor said.

Within a few hours after she had  
vowed loyalty to Durkin, Betty de-  
serted him. His bride was responsi-  
ble. Her apparent gloating over the  
fact that she had made Durkin forget  
the sweetheart whose ingenuity twice  
had saved him from capture, perhaps  
death, nettled Betty. Comparisons of  
their heavy and their clothes unfavor-  
able to Betty finished the job. Offi-  
cially called upon to announce her-  
self as a witness for either state or  
defense, she chose the former, and all  
of Durkin's honeyed efforts to ex-

## BIRTHDAY OF L. C. B. A. OBSERVED AT BANQUET

In celebration of the 25th anniversary of its organization here, the L. C. B. A. had a banquet and program Thursday evening at the K. of C. hall, Broadway, which proved one of the most enjoyable occasions the association has ever had.

More than 100 L. C. B. A.'s participated in the festivities, some of them coming from New Philadelphia, Canton, Alliance, Louisville and Muskegon. Decorated in yellow and white tones, the association's colors, the tables presented a beautiful appearance.

The charter members and officers were seated at a table at which places were arranged for 28. On this table was the birthday cake ornamented with 25 yellow candles, and a basket of daisies and narcissus at each end made it very attractive. Baskets of flowers and yellow candles in crystal holders were used with pretty effect on the other three tables. The favors were little yellow baskets filled with candy. The meal was served in three courses.

Just before sitting down at the table the members sang "America," and Mrs. Katherine Hanley, a past president, asked the invocation.

The program opened with reading of cards and telegrams from absent members, after which a brief history of the branch, written by Mrs. Clarence Mellinger was read by Mrs. Mary Kaley; vocal duet, Mrs. Edward Ma the first president.

There were 20 charter members, ten of them are still members. The eight charter members at the celebration were: Mrs. Hanley, Mrs. William Lajane, Mrs. Alice McLaughlin, Mrs. Henry Debus, Mrs. Joseph Dunn, Mrs. Ella Shriver, Mrs. Melinger and Mrs. Kaley. The other two charter members, who were unable to be present are Mrs. Schmidt, Fremont, and Mrs. Barrett of Massillon. The members enrolled at the present time number about 140.

Other numbers on the program are: Two vocal solos, Mrs. Fred Becker, accompanied by Miss Margaret Becker, paper, relating to the early history of the branch, written by Mrs. Florence Bonnell Hopkins of Massillon, formerly of Salem, and read by Mrs. La Janese; brief talks by charter members; two solo dances by Viola Loutchbiser and Ruth Sheehan, accompanied by Miss Helen Kaley; vocal duet by Mrs. Edward Kaley and Miss Rose McLaughlin, who were attired in old-fashioned dresses. Miss Kaley accompanied them with vocal solos by Misses Margaret Erickson, Margaret McLaughlin and Edith Huddleson, all accompanied by Miss Kaley.

Each charter member was presented a pin by Mrs. John Erickson, the president, and toastmaster for the occasion, with fitting remarks. At this point Mrs. Erickson was very pleasantly surprised when Mrs. John McNeil came forward and presented her a lovely bouquet of pink roses and narcissus.

Singles of the "Star Spangled Banner" and "Holy God" concluded the program after which the time was spent informally.

**A Novelty Party**  
Members of Division No. 3 of the First Presbyterian church were delightfully entertained Thursday evening at the home of Mrs. Anna Howe, East High st. with Mrs. R. M. Justice associate hostess.

The ages of those present ranged from two to 91 years, Donald Vincent being two years old, and Miss Elizabeth Wilson, 91.

School day costumes were worn by all and recitations and songs helped to make the occasion a merry one. Mrs. George J. Bunn was elected as the one wearing the best costume.

There were a number of invited guests among whom were Mrs. Ida Bedell, Miss May Lowry, Mrs. Ed McGarry and Mrs. P. H. Gordon.

At the conclusion of the evening's pleasure a lunch was served by the hostesses.

**Marriage Licenses**  
A marriage license has been issued to Roy Rock of Columbiana, an oil driller and formerly residing at New Middleton and Miss Alberta Wonseller, daughter of Mr. and Mrs. Johnathan Wonseller of Columbiana. The bride has been employed as a telephone operator and the marriage ceremony was pronounced by Rev. Krumm of Columbiana.

Harry Shaffer and Eva Hughes, daughter of James Hughes, both of East Liverpool have obtained a marriage license and were married at the parsonage of the Lisbon Presbyterian church by Rev. P. W. Macaulay, Mrs. Schaffer formerly resided at Imperial, Pa.

**Surprise Party**  
Miss Hester Brown of South Union st. was pleasantly surprised Thursday evening when her mother, Mrs. William Brown, entertained a company of girls in their home, in honor of her birthday anniversary.

Games and music were enjoyable diversions and the honor guest was the recipient of a number of gifts.

Mrs. Brown served a delicious lunch featuring a motif of pink and white. Gracing the center of the table was a large white birthday cake ornamented with 19 pink candles. Covers were arranged for 10 guests, members of the Bachelor's Girls club.

**Pythian Sisters**  
Mrs. Pauline Shriver conducted the installation of officers for Friend ship temple No. 100, Pythian Sisters at its meeting Thursday evening at the hall, Chestnut st.

**N. B. Club**  
Mrs. W. Townsend and Mrs. E. Hein were invited guests at the Thursday afternoon assembly of the N. B. club at which Mrs. Scott Herbert was hostess at her home, Roosevelt ave. Music, needlework and a lunch were pleasures. Mrs. Grant Elton will entertain the members in two weeks.

**Ruby Club Meeting**  
Members of the Ruby club were entertained Thursday evening by Mrs. Elizabeth Johnson at her home on South Lundy st. Various games interested the guests while they visited, and the hostess added to their pleasure by serving a lunch. The next meeting of the club will be in two weeks.

**Mrs. Sharp Hostess**  
Mrs. L. A. Sharp dispensed charming hospitality to club associates when she entertained them Thursday afternoon in her home, West School st. Cards were the favorite diversion. The hostess served a delicious lunch at a table which was made attractive with pretty bouquet of sweet peas. Covers were arranged for eight guests. The next meeting of the club will be in two weeks.

**Wonderful New Face Powder**  
A new French process powder that is not affected by perspiration—will not let an ugly shine come through—stays on until you take it off; fine and pure, makes the pores invisible; looks like beautiful natural skin; gives a soft velvety complexion. Get this new wonderful beauty powder called "Mellin's Face Powder" from Co. Modina's, Bolger & French's, and Page & Lorenz, druggists. Advt.

**Leap Year Club**  
Nine members of the Leap Year club assembled at the home of Mrs. Leroy Porter, Rockwell ave. Thursday afternoon and enjoyed the hours informally with friendly conversation. Mrs. Porter served a lunch. Meeting in two weeks. Members will be guests of Mrs. Robert Auld, East High st.

**At Kauderer Home**  
Mrs. J. W. Asty won the trophy at bridge at a meeting of club associates at which Mrs. Charles Kauderer dispensed delightful hospitality Thursday afternoon at her home, Highland ave. After the games the hostess served a lunch. Mrs. Andrew of Beaver, Pa. was an out of town guest. In two weeks Mrs. Paul Collier, Lincoln ave. will entertain.

**Honors Miss Danenhorn**  
For the pleasure of Miss Danenhorn of Sandusky, Miss Hazel Gunn entertained a few friends at a bridge party Thursday evening at her home, East High st. Mrs. Clyde Reich proved the best player on this occasion and was awarded the first prize, while consolation honors were claimed by Mrs. R. E. Finley.

**Sterling Club**  
Five hundred was the chief pastime at a meeting of the Sterling club Thursday evening with Mrs. James Giffin hostess at her home, Franklin ave. A lunch was an added pleasure. A meeting in two weeks will be at the home of Miss Louise Goshen, North Union st.

**Leap Year Club**

LEETONIA KIWANIS  
CLUB CELEBRATESAtt'y John Bauknecht and  
Supt. Stonebraker Are  
the Speakers.

Leetonia, Jan. 22.—The Leetonia Kiwanis club held its annual anniversary meeting on Tuesday in St. Paul's Lutheran chapel. On January 21, 1915, Kiwanism was first organized in this country, and an appropriate program was given to celebrate the eleventh anniversary.

The speaker of the evening, Attorney John A. Bauknecht of East Palestine, and a member of the Kiwanis club there, chose for the subject of his address "Kiwanis Ideals." He spoke of the wonderful work the Kiwanians are doing everywhere. He put especial stress on the underprivileged child question, telling of many personal experiences. As Attorney Bauknecht is assistant prosecuting attorney he has many opportunities of observing the underprivileged child.

Superintendent of Schools E. P. Stonebraker gave an interesting talk on "What the Leetonia Kiwanians have done and can do." The attendance prize donated by the secretary, C. S. Anglemeyer, was won by Roger Cavanaugh.

With the beginning of this year a new feature has been started in the Leetonia Kiwanis club. They were in the habit of giving a valuable prize as the attendance prize, each one in the club taking his turn donating this prize. In the future the prizes given will be of small money value and the one whose turn it is to donate will give \$1 to the underprivileged child fund.

The Kiwanis club trustee, F. W. Mossman, left Tuesday night for Columbus to attend a trustees meeting of the Ohio state district trustees which was held Wednesday.

Word was received here Wednesday of the death of Mrs. Eliza Degnan

at the home of her daughter, Mrs. George McElroy, of Chatham, N. J. Mrs. Degnan was almost 92 years of age, having been born August 15, 1834 in Laughlin, Ireland. In 1862 she came to the United States and two years later came to Leetonia where she lived until three years ago when she went to make her home with her children in the east.

Her husband, John Degnan, died 26 years ago. Surviving are two sons and three daughters, namely: Matt Degnan, Youngstown; John Degnan, New York City; Mrs. William Austin, Alliance; Mrs. William Abblett, Chicago, and Mrs. George McElroy. The body was brought to Leetonia to the home of Mr. and Mrs. Galen Lodge, 343 Columbus st., where service was held at 2:30 p. m. Friday.

The Rev. T. L. Klerman of the Presbyterian church, of which Mrs. Degnan was a member, was in charge of the funeral in Oakdale cemetery.

Leetonia schools are having examinations this week. They started in the grades on Wednesday and continued to the close of the week. The High school has been conducting exams all week.

NEW PEACE PLAN  
MAY END STRIKEScranton Publisher Offers a  
New Plan in Hard Coal  
Strike Situation.

BULLETIN  
Scranton, Pa., Jan. 22.—The new peace plan proposed by E. J. Lynett, Scranton publisher, designed to bring an end to the strike of 150,000 anthracite coal miners, was accepted today by John L. Lewis, president of the United Mine Workers of America.

Scranton, Pa., Jan. 22.—Hopes for

peace in the strike-bound anthracite coal region were again revived today when it became evident that both operators and miners are giving serious consideration to a new plan to end the long drawn out strike.

The new plan, a five point proposal is offered by E. J. Lynett, a Scranton publisher, said to be well-liked by both sides. It would provide immediate return to work of the 150,000 miners, pending a new contract, the pact to be of five years' duration, and carry provisions that would safeguard against future suspensions of mining.

John L. Lewis, president of the United Mine Workers of America, was to hold a conference today with district union officials on the proposal which already has the partial approval of W. W. Inglis, chairman of the operators' negotiating committee.

The new peace plan came at a time when it was apparent that neither the federal government nor the state leg-

islature, now in session at Harrisburg, would immediately intervene in the situation which some leaders in the coal territory describe as "intolerable."

Gov. ## WORLD SERIES IN PENNSYLVANIA IS HOPE OF PIRATES

Pirates Want Athletics to Win So Title May Be Assured State.

### CERTAIN PIRATES WILL WIN AGAIN

No Thought in Pittsburgh That Its Team Stands a Chance of Defeat.

Pittsburgh, Jan. 22.—Baseball fans in the Keystone state, tastering for a world series last season, are not in the least discouraged at this early stage for an all-Pennsylvania world series in 1926.

Confidence for a post-season classic between the Pittsburgh Pirates, champions of the world in 1925 by virtue of their defeat of the Washington Senators, and Connie Mack's Philadelphia Athletics, is especially pronounced here.

Critics and fans alike in the Western Pennsylvania metropolis are not manifesting particular concern over the Pirates' ability to repeat in the National League this season if they have entertained thought of a possible Pittsburgh defeat at all.

Worry About McGraw Although there is not a man on the Pittsburgh club who minimizes the possibilities of an entry piloted by John McGraw, dean of all pennant winners, the players themselves are confident of another league pennant in 1926.

The belief expressed by the handful of Pirates wintering here is that, with the New York Giants out of the way, the Buccaneers will have little difficulty in outdistancing the other six clubs, Cincinnati Reds included.

They cite facts to substantiate the opinion. Pointing out that the winter this far has failed to produce any trades or real consequences, the local players and their followers hope the Pirates already notorious for their facilities will be even more evident this season through the addition of Paul Warner and Hal Rymer. Pacific Coast stars to "maunderer's row" Aces of the team that won the championship in 1925 will be back to puzzle opposing batters again, and the report has one the reason, that the new pitchers will strengthen the staff before the season is well under way.

See Mackmen Winners Local critics also are inclined to accept the Mackmen, failures as they were when games counted most in 1925 as the logical winner in the junior loop, believing the Athletics, enhanced by valuable experience of last season, will nose out the Senators.

These followers of the national pastime foresee the gradual downfall of the Washington team as the season wanes through paying the penalty of old age. They believe Coveleski, Peckinpaugh and Reuther have reached the peak and are ready to start down the far side of their careers.

As for Walter Johnson, who furnished the necessary pathos to make the last world series truly melodramatic, Pittsburgh sports writers say his performance against the Pirates proved that he still is mighty. But they point out that he cannot be worked too often.

Odds Against Senators Odds against another triumph by the Washington team as at present constituted are strengthened further by the apparent failure of Clark Griffith and Ruckey Harris to make any serious attempt to bolster their roster for the impending campaign, those who pick Philadelphia to win the American League pennant say.

Youth and inexperience, rather than the former, Pittsburgh prognosticators hold, caused the downfall of Connie Mack's team last season. They contend that the coming season will find that inexperience overcome and that the Athletics will capitalize their youth, instead of permitting it to remain a barrier in the way of success.

Pittsburgh fans are not likely to forget soon the baseball classic of last autumn but it is evident that an all-Pennsylvania clash would find sports followers of the state wide wrought up to a much higher pitch. The possibility of a Philadelphia-Pittsburgh world series looms so bright here that it will take an unexpected turn of events early next season to dull the enthusiasm.

## THREE VICTORIES FOR COLUMBIANA

Central Markets, Franklin Furniture and Miller Bros. Win Games.

Columbiana, Jan. 22.—Three Columbiana basketball teams won victories Wednesday evening. The Central Markets took over the Stewart Hardware of Hubbard, 27 to 22, while at East Palestine the Miller Bros. quintet won a close and tumble game with ease from the Juniata club, 53 to 34.

The Franklin Furniture of Columbiana won the preliminary game from the East Palestine Bakers, 29 to 27.

At the Columbiana High school gym, only a fair sized audience viewed the two games, the preliminary being played by the Franklin Furniture Reserves and a team made of boys of the Reformed and Methodist teams, the Franklin winning 18-14.

Defeating the Hubbard team, the Central Markets ran their string of victories to eight, having taken over the Hardware boys on their own floor two weeks ago. This game was un-

usually clean, very few fouls being called.

The local boyse led from the start but grew careless in the third quarter and allowed the Hubbard quintet to catch up and the quarter ended 21-22 in favor of the latter, but the Central Markets, making their usual strong finish, scored six points in the fourth quarter while holding their opponents scoreless. Burke, as usual, was the Columbiana star, making eight baskets and two fouls.

The Miller Bros. team, playing at East Palestine, won their third consecutive victory, using their entire squad of ten men. Thomas, as usual, was the star, making seven baskets in the first half and one in the second before he retired from the game. Many personal fouls were called in the game, one East Palestine player being allowed to remain in the game after he had committed four, because there was no substitute to take his place.

## SALEM FANS GOING TO CANTON FIGHT

Five Good Bouts Scheduled by Arrow A. C. for Monday Night.

Five all-star bouts are carded for a boxing show arranged by the Arrow A. C. of Canton for next Monday night at the Canton auditorium. This show is the only big one billed for this part of Ohio this month, and will attract a number of Salem fans.

Jack Delaney, of Bridgeport, Conn., who one night in Buffalo knocked out Paul Berlenbach, the world's light-heavyweight champ, for the first time, will meet Tom Roper, of Chicago, in the main bout of 12 rounds. Delaney is a 170 pounder, and Roper weighs 182 pounds. It is the first heavyweight fight in eastern Ohio in a long time.

Johnny Bressling, of New York, one of the cleverest flyweights in the east, meets another easterner, Eddie Levey, of Brooklyn, in an eight round semifinal.

Another eight round bout will be between K. O. Kelly, of Birmingham, Ala., colored welter champ of the south, and Young Nixon, also colored, of Washington, Pa., who has a record of 18 wins and two draws in his last 20 bouts.

Jimmy Perry, Salem favorite, will match blows and wits with Tommy Crowley, of Pittsburgh, the lad who has been setting them wild in Youngstown in the past few months, in a six round preliminary.

A certain raise will be arranged. Yonkers, N. Y.—With his election to the directorate of the Westchester Trust company Richard Edie, 3rd, 22-year-old Princeton student, has achieved the distinction of being probably the youngest bank director in the country.

## WOOSTER WINS

Wooster, Jan. 22.—Wooster defeated Denison university here last night in a loosely played basketball game. The final score was 27 to 21.

Behen, star center for Denison, was injured early in the game. Constructing all the woodwork, himself, including the doors and windows, a blind ex-soldier in England has just built his own house.

According to the original plans, he was to have met Mickey Walker for the title but the state athletic commission would have none of it. This was bad for all concerned but worse for Milligan. All he could have lost was the decision and he might have saved his reputation. Win, lose, or draw tonight, he may not be able to do that against Zivic.

From Milligan's standpoint, the match isn't as silly as it sounds. It is stiller.

## COLUMBIANA HIGH WILL FORCE SALEM PASSERS TO LIMIT

Red and Black Will Have No Easy Time of It in Game Tonight.

Columbiana High's cage teams will be mighty stiff opponents of Salem High tonight, in the opinion of persons who have seen the Red and White perform. In support of this a well known official who has worked some of Columbiana's games said yesterday to the writer:

"Not by any stretch of the imagination could Columbiana be called easy this year. I honestly believe they have been outlucked in their county games so far, and they will make plenty of trouble for any opponent."

The word has been passed around, by fans here and there, that Salem will have a walk-away. That belief is founded on good faith, inasmuch as neither Columbiana team has won a county game so far. But results of games do not always mean the defeated teams are not good. The fact is that Columbiana has two excellent teams, as fans will see tonight.

No chances will be taken by the Red and Black and both coaches plan to start their strongest combinations. The Boys were considerably strengthened this week when Jenkins, star last year, who has been nursing a broken arm, swung into action for the first time, and may get into the game tonight.

he Columbiana Girls were doped to be the county's strongest sextet this year, and will give the Salem Girls plenty to do. Led by Miss Gieckler, one of the best players in this vicinity, Columbiana will force Captain Smith's team to the limit.

For that reason Coach Potter will likely throw in her shock troops right at the start. Coach Springer of the Boys indicates he will start his usual lads, with the possibility of Jenkins being in. His left arm is still weak and it may be some time before he will be able to make much use of it.

Saturday night Struthers plays here, so Salem is in for a grueling weekend, to say the least.

Constructing all the woodwork, himself, including the doors and windows, a blind ex-soldier in England has just built his own house.

All he could have lost was the decision and he might have saved his reputation. Win, lose, or draw tonight, he may not be able to do that against Zivic.

From Milligan's standpoint, the match isn't as silly as it sounds. It is stiller.

According to the original plans, he was to have met Mickey Walker for the title but the state athletic commission would have none of it. This was bad for all concerned but worse for Milligan. ## Call Scott, Famous Shortstop, One Hoss Shay Of Baseball

New York, Jan. 22.—So wondrously constructed was this One-Hoss Shay of Oliver Wendell Holmes' fancy and so perfect were its various and component parts that the inevitable breakdown was neither steady nor gradual. All parts simply collapsed simultaneously and the vehicle disappeared in a puff of smoke.

The last word received from Everett Scott, utility infielder of the Washington Senators, was to the effect that he planned to retire from baseball and devote his attention to a billiard room business in Fort Wayne, Ind. He said he knew he was through as a regular.

Less than a year ago he was a first string shortstop in the midst of an endurance record, the "like of which the game of baseball had never known. At the close of the 1924 season, Scott had taken part in upward of 1,250 consecutive ball games through a matter of eight seasons. Seemingly, the man was immune to either injury or collapse.

But so, apparently, had been the One-Hoss Shay. And a moment later, it was no more.

Scott started the 1925 season at shortstop for the New York Yankees, but didn't finish there. His streak was brought to an end at 1,307 games but not of his personal wish. He was dropped from the line-up by Miller Huggins. The old boy no longer could go and get them. He had become passe, almost overnight.

"I'll never sit on the bench," he said at the time. His announced retirement seems to support this declaration.

Scott, of course, might have been carried longer as a regular, if he could have hit the size of his rock band. But he couldn't. His batting average for the 1,307 games was .254 which have been poor enough even in the days of superior pitching and inferior baseballs.

Yet, he will take with him into the outer darkness a memory that probably will live forever. There may be another Scott with the endurance of a steel spring and the fortitude of a zealot, but it is doubtful. Even if there was, the element of luck probably would connive to nullify his efforts.

## EXPERTS PREDICT HELEN WILL LOSE

Miss Wills Hasn't Ability to Defeat Mile. Lenglen, They Say.

By DAVIS J. WALSH New York, Jan. 22.—Cautious inquiry among tennis officials, players of ranking ability and authoritative critics today revealed the fact that, almost to a man, they privately feared the worst for Helen Wills when she meets Mile. Lenglen, if at all. Publicly, however, their opinions on this somewhat delicate subject seemed to be strictly private.

Not one of them would agree to be quoted, in fact, they declined to discuss the matter until the writer assured them that he would name no names. Personal regard for the little American champion was one of the reasons for their reticence. Another, the writer suspects, was that no one likes to be caught singing the litany at a wedding. Miss Wills might win, after all.

However, the expert evidence was unanimously against it. Billed down it amounted to the following: That Suzanne Lenglen is the greatest woman tennis player in the world, and that Helen Wills, therefore, is not.

Major J. F. Rendell, one of the British professionals on the Riviera, broke out in a statement yesterday in which he declared Lenglen would win because she had "too much technique." The American experts don't abide with that thought. Apparently, it is not to be a technical victory.

It is to be a victory, they say, of superior footwork, accuracy and court tactics.

Miss Wills, it seems, cannot hope to match her court covering ability with that of Mile. Lenglen. The latter is supposed to be a human gazelle.

and, with leaps and dashes, return everything that is knocked into an usher's lap. Helen, therefore, will not be able to conduct a back court duel with any degree of success, they declare.

### "THE LIVE WIRE"

The typical cry of the circus bark or, known to countless millions, will be "seen but not heard" when Johnny Hines' First National picture, "The Live Wire," comes to the State to night.

It is in this whirlwind comedy that Johnny Hines has incorporated famous freaks in the circus sequences of his production, and how effective these scenes have proven is well in evidence from the many excellent reports that "The Live Wire" has received.

In "The Live Wire" Johnny is cast as a fabled wire artist, who after suffering an injury, becomes a "knight of the road" and eventually puts over a large amusement park project.

"Wild Beasts of Borneo" also on the State's bill, is one of the most thrilling and complete two-reelers of his name in their native haunts that have ever been caught by the camera's eye. It is a depiction of the experiences encountered by Mr. and Mrs. Lou C. Hunt in their travels through the wilds of the Far East, particularly Borneo.

### AT THE GRAND

A thrilling and faithful tale of a picturesque personality forms the basis of entertainment at the Grand tonight and Saturday, where "That Devil Quemado," Fred Thompson's latest production, was shown yesterday.

The popular western star sweeps right back into public favor on his magnificent mount, Silver King, just as if he had not recently recovered from a broken leg sustained in filming one of his daring feats of horsemanship.

"Quemado," the story's central figure, is a daring and mysterious young man of wealth and daring, who swoons down on a little broken town to right wrongs and saving off with beautiful girls on the saddle in front of him. Eventually he kidnaps Joanne Thircher, daughter of a very rich easterner, who is sojourning on his ranch. From this point on the complications are many, but it would be unfair to the enjoyment of those who

## Pimples

What can I do?

"Oh, why can't I have a skin like other girls? Why do I have to have these ugly pimples, blotches and blotches?"

If I could only find something that would clear up my skin and give me back my soft, rosy complexion, I know I would be the happiest girl in the world! What can I do?"

Is that you talking? If it is, you don't have to worry a minute! Just build up the rich, red blood in your body. Then your skin will be as clear and soft as anybody's.

That's what S. S. S. has been doing for generations—helping Nature build rich, red blood! You can build red blood-cells so fast that the impurities that cause breaking out on the skin hardly get into the system before the pure blood annihilates them—kills them right out—stops them from breaking out through the skin. And then this rich, red, pure blood feeds and nourishes the tissues of the skin and keeps it looking healthy.

That's all there is to it. Healthy, vigorous, red blood such as S. S. S. helps Nature build, makes you healthy all over. It beautifies your skin—drives away pimples, blackheads, blotches, rash, boils and eczema—gives you back your appetite—builds firm, plump flesh and fills you full of new life and energy. All drug stores sell S. S. S. Get the bottle. It's more economical.

## THE GUMPS—THE BROTHER FROM THE WEST

### Fomato Developed To Withstand Wilt

Fomato plants that will withstand fusarium wilt, a serious disease of early tomatoes, have been developed and will be distributed to three sections of Ohio this year.

N. W. Gilmer, until recently extension specialist in horticulture at the Ohio State university, announced this in his annual report to the director of extension. The variety of tomato under experiment is the Bonny Best, an outstanding early variety. "The experiments have been under way since 1915," Mr. Gilmer explained. "At that time we selected tomato plants for their resistance to fusarium wilt from a crop in the greenhouse of Charles F. Case, Cincinnati. Each year since then plants have been selected from crops grown in a soil inoculated with fusarium wilt."

"This last year four selections were planted in the greenhouse of U. G. Swingle, Columbus. Mr. Swingle has been unable to grow a crop of Bonny Best at any time within the past 10 years because of fusarium wilt."

"Two of these selections, grown in soil inoculated with the disease, produced and matured six full clusters of fruit without showing any symptoms of fusarium wilt. Two others proved 23 and 90 per cent resistant respectively. Seed from these selections will be distributed to three tomato-growing sections of the state this year."

In the field growers have no control of fusarium wilt, the specialist says, except through development of resistant strains.

### Uniform Marriage And Divorce Laws Urged by Pastors

Columbus, Jan. 22.—Request for a uniform marriage and divorce law in the United States was made here today at the annual convention of Ohio Protestant pastors.

Eliminating reference to card playing and darning, the preachers adopted a report deploring "the flood of obscene and indecent literature pouring from many bookstalls and newsstands" and urged exhibition of motion pictures "which shall not degrade the taste nor condone evil nor ridicule the good."

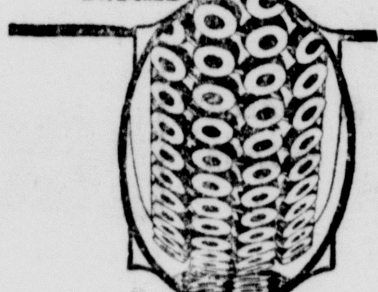

A resolution urging election and reelection of dry congressmen was adopted.

## SKINNY MEN GLAD

Doctors and good pharmacists know that Cod Liver Oil is full of vitamins that make flesh, create appetite, build up the power to resist disease and thus good, and even as skinny men and women.

But it's horrible tasting stuff and every day fewer people are taking it, for doctors are prescribing and people are just learning that they can get better results with McCoy's Cod Liver Oil Compound Tablets, which The J. H. Lease Drug Co., Floding's drug store, and Helger & French and druggists all over the country are having a tremendous demand for.

One woman gained 10 pounds in 22 days and if any skinny man or woman can't put on 5 pounds in 30 days your druggist is authorized to refund the purchase price.

Be sure and get McCoy's original and genuine Cod Liver Oil Compound Tablets—60 tablets—50 cents. Adv.

## CUMMINS PLEADS FOR RAIL MERGER

Washington, Jan. 22.—Consolidation of America's 600 railroads into a comparatively few great rail systems was urged upon the senate interstate commerce committee today by Senator Albert B. Cummins, R. of Iowa, author of the consolidation

bill which has received the endorsement of the president.

Cummins declared congress must provide for consolidations or a vast section of American railroads now losing money would be destroyed. These "weak" lines, he said, must be linked to the stronger carriers or the whole rail structure will slowly collapse.

Cummins explained his bill would:

1—Voluntary consolidations by the carriers for three years, subject to the approval of the interstate commerce commission.

2—At the end of three years, the interstate commerce commission to draft a plan to complete consolidations, after which all mergers would have to fit into this plan.

3—Direct compulsory provisions but a plan by which all earnings in excess of six percent of the railroads not consolidated, would be seized by the government and distributed among roads earning less than five percent. To escape this receipture of earnings the roads probably would consolidate.

Cummins said he expected his plan would result in the consolidation of all the carriers into "twenty, thirty or forty great systems."

## Fine Fiddles and Franklin Furniture

"RHODALYNNE"

A Franklin A-Grade Suite of Mechanical Integrity and Rare Charm

"OLD STRAD," the master violin maker, produced instruments that have come down through 200 years, their voices growing sweeter, their construction unshaken, their value increasing. He accomplished this by exacting care in selecting his materials and unbending integrity in workmanship. His purpose to build better, his ambition to earn for his product a lasting name for highest quality, his ideals that transcended profit, and his inborn genius for his chosen work, gave to the world masterpiece violins that have never been equalled, and to the maker enduring fame.

The same integrity of purpose, the same high ideals, are built into Franklin A-Grade Furniture. Attached to the lower back rail of every piece you will find the Franklin Credential—as shown at the top of this advertisement. This credential is the maker's guarantee, and our guarantee, of longest years of service and fullest satisfaction that best of materials and best of workmanship can combine into honor-made goods.

Our little booklet, "Fine Fiddles and Franklin Furniture," tells a most interesting story about "Old Strad" and how he made the violins that are now almost priceless. Stop in and get a copy, or send us your name and address on a postal and the next mail will bring you the booklet.

## MAKING FARM RECORDS TALK

By D. H. OTIS  
Agricultural Director,  
American Bankers Association.

Any one who has driven an automobile in a new country knows the value of a good road map. Farm accounts, properly kept, are a reliable road map to aid the farmer in directing the business management of his farm.

In farming communities where records have been kept in considerable number it is not uncommon to find differences in net income of \$1,000 per farm between the average and the poorer farms of the community. It is also frequently found that there is a difference of over \$1,000 between the average farm and a few of the better farms of the community. These differences of from \$1,000 to \$2,000 per farm in the net income are of vital concern to any farm in any community.

**Where to Get the Facts**

Farm records and inventories will reveal the reasons for these differences. The various colleges of agriculture and the United States Department of Agriculture have a collection of records and farm management surveys from which they find it possible to construct standards or guides showing actual attainments under good systems of management. Figures of this kind are available to county agents and farmers who desire to use them. It is also possible to organize farm accounting groups in a community and with the help of the College of Agriculture to develop community standards showing what the average and what the better farms are doing. These standards or examples of what the more successful farms are doing, when handled in such a way as not to divulge the identity of the owners, are a wonderful help in pointing out to the less successful farmers the weak spots in the business management of their farms.

**How to Use the Facts**

The farmer who keeps a careful record of the factors relating to the business management of his farm is in a position to compare his farm with the average and with the best in the volume of business, as number of acres, total investment, number of cows, total receipts and total expenses. He can check on his diversity of income by comparing his income from sale of cows, sale of livestock, livestock products and sales from miscellaneous sources. His quality of business can be studied by comparing such items as income per acre or income per cow, etc.

By such a process the farmer is in position to make his records talk to him and point out the weak and the strong features in his farm operation. There is no tax that we pay today that compares with the tax we pay for our ignorance. This is true on the farm as elsewhere. Farm records, including inventories from which it is easy to form financial statements, will do wonders in reducing the tax of ignorance and placing farm business on a business basis and inspire confidence in the farmer, himself and with all those with whom he deals.

## BANKERS HELP

Minnesota bankers played a constructive part in boosting the attendance at the Northwest Dairy Exposition held in connection with the State Fair in September. Five hundred members of the Minnesota Bankers Association received letters from the chairman of the agricultural committee, asking them to assist in forming delegations from their respective communities to attend the show.

The Atlanta, Ga., "Clearing House" gives the boll weevil no rest. In an effort to effect a concerted and state-wide poison war on the boll weevil, this institution sent letters recently to all the bankers in the state asking that they assist in emphasizing the need for a wholesale war on the pest. According to a recent survey poisoning is being done on the larger farms, but not to any appreciable extent on the small farms. According to reports by the Department of Agriculture, the boll weevil infestation is heavier this year than ever before, and if allowed to go unchecked the crop will be destroyed. Immediate and extensive action is urged.

Over two hundred bankers in Iowa recently made an arrangement to attend the Iowa State University for a two-day period and study farming and farm problems. The bankers will sit as students under the professors in the agricultural department, and will dig right down to the bottom of the many subjects which are of mutual concern to themselves and the farmers. This action on the part of the bankers of Iowa shows a real spirit of interest and a determined intention to understand.

Clark County (S. D.) Bankers have appointed an agricultural committee of five to aid the county agent in putting across the latter's program of work, with special emphasis on a ten-acre corn contest and eradication of tuberculosis in the county.

Most of the great flesh-eating animals, such as the lion, tiger and leopard eat once in 24 hours, but the wolf is able to go a week without food.

### REGULAR ARMY NOW ENJOYING CHURCH REVIVAL

Washington, Jan. 22.—A veritable revival of religion in the Regular Army in 1925 was revealed in the report of Colonel John T. Axton, chief of chaplains.

Colonel Axton reported more than a half million increase in the voluntary attendance of officers and men at services in army posts during the year as compared with 1924.

"This steady growth in interest," he said, "is due to the deep personal concern officers and particularly commanding officers have shown in safeguarding the moral and spiritual life of all members of their garrisons."

Total attendance of 1,880,027 was recorded at 18,361 religious services.

All major denominations were represented and the services included Protestant and Catholic worship to Bible class sessions, benedictions and joint services.

This growth of interest in religion took place despite the almost uniform lack of suitable church buildings, in the various army posts. The report revealed that most of the services were held in improvised places of worship, such as dance halls, gymnasiums, recreation rooms, theaters and service clubs. Many were held in the open air.

Colonel Axton urged appropriations from Congress sufficient to erect each year four or five chapels, so planned as to be easily adapted to all forms of worship.

In addition, a large number of officers and men regularly worship in civilian churches near their stations, figures on which are not available, it was pointed out.

The average strength of the army and the number of chaplains in service were practically the same as in the two years immediately preceding this report, it was declared.

An increase of 158 Reserve Corps chaplains of all denominations was recorded during the year. The total number of these is now 1,115.

Roman Catholic Reserve Chaplains lead the list, there being 213. Next come Methodists with 163. Others include Presbyterian 159; Baptists, 135; Congregationalists 55; Lutherans 54; Disciples of Christ, 36; Christians, 13; Unitarians, 10; Jewish, 17.

## Higher Dog Tax

Effective Friday, owners of dogs will hereafter pay \$2 for a license for a male dog and \$4 for a license for a female dog. It was officially announced by Deputy County Auditor Randall Hamilton today. The penalty, according to the new law, becomes operative Thursday but because of nearly 500 letters received Thursday morning, the enforcement of the penalty was not enforced until today.

A few over 5,000 tags have so far been issued, less than half the number of dogs reported to be in the county.

Deputy Sheriff Henry Barber is preparing to start out on a county tour to enforce the payment of the dog license tag and it has been proposed to enforce the dog license law as it was last year.

## Daily Fashion Note

The charm of an "at home" is greatly enhanced by a printed, silk-trimmed dress. Whether it be worn by a hostess or guest, a novel feature of the dress is the semi-fitted blouse which is attached at the back but round at front. The gathered skirt with its fitted tunic is attached to the lower edge of the blouse. Medium size requires 4 1/2 yards 36-inch material.

Paternal Review Printed Pattern No. 288. Sizes 14 to 18 years and 34 to 42 inches bust. Price 45 cents.

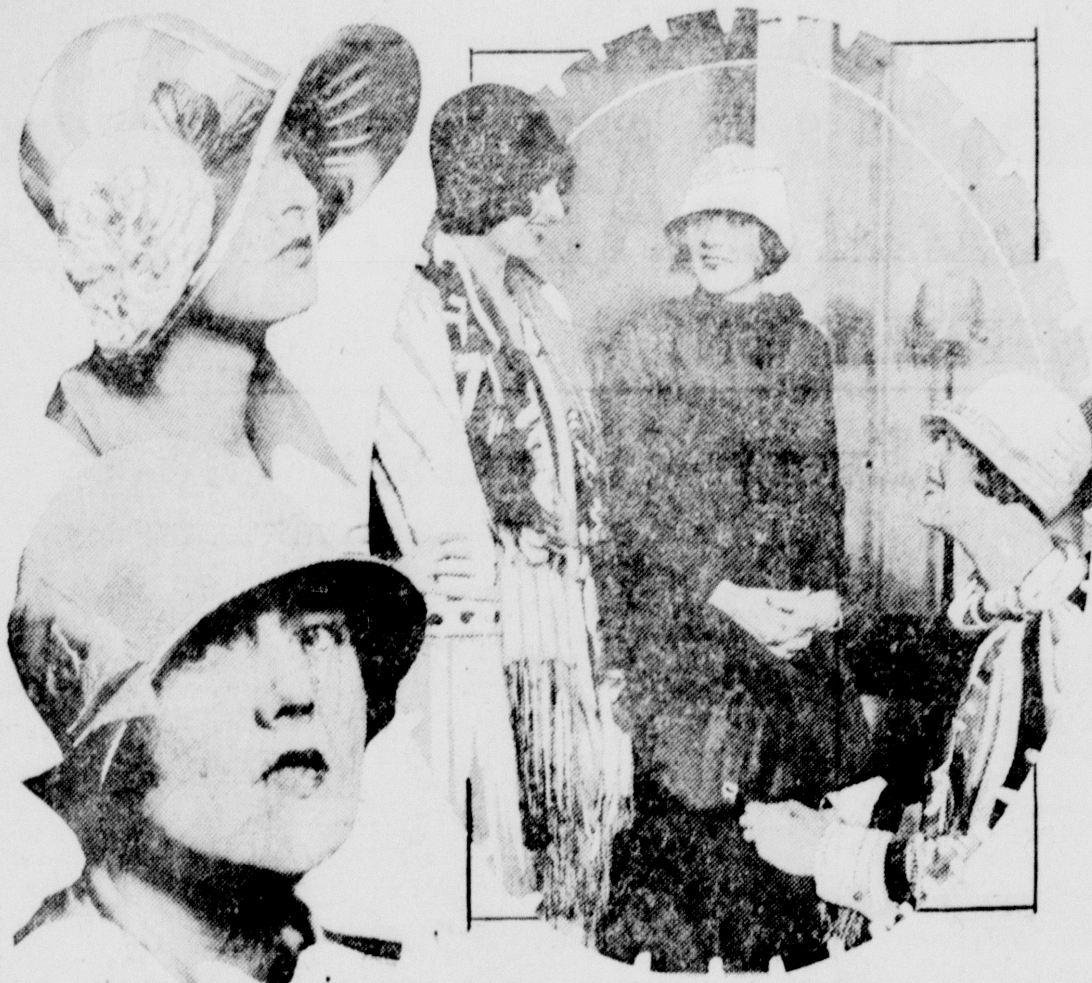

Serious Stomach Trouble Stopped With  
**HY-PEP-SEN**

If you feel "all in" and have suspicious indications of serious ailments, don't neglect the warning. These warnings are danger signals and should be heeded.

There have been kept awake most of the night perhaps all of the night, with a gnawing in the Stomach or Bowels, if you have Dizzy Spells, Headaches, Drowsiness, Heartburn, Loss of Appetite or gas on the Stomach and feel you just cannot go on, take HY-PEP-SEN and be relieved.

## Advanced Spring Millinery Shows Few Changes

Advanced spring and summer hat styles show that no revolution has taken place in millinery circles. Above at left the wide poke shape appears in dress attire with hemp crown while ribbon and large flower form trimming. Below, the felt sports hat, done this time in green with tailored trim of grosgrain ribbon. The other chapeaux in the illustration are variations of the popular sports model.

## TODAY'S RECIPES

**Scotch Steak**—Take round steak, cut about one inch and a quarter thick, and pound flour on both sides, brown in a skillet; cover well with water, and remove all to casserole. Lay two or three bay leaves in bottom of dish, and sprinkle a pinch of thyme on top, season well with salt

and pepper, and bake one and one-half hours in slow oven. About an hour before serving put in carrots, which have been scraped and washed, and add potatoes about one-half hour before serving.

**Fruit Cookies**—Two cups sugar, one cup shortening, one-half teaspoon soda, dissolved, two teaspoons baking powder, one-half pound chopped raisins. Flour to make stiff batter. Roll to medium thickness, and bake.

**Lemon Pie**—Take one and one-half cups sugar, one and one-half cups water, one tablespoon butter, pinch salt. Let come to a boil, add three tablespoons corn starch, yolks of two eggs, juice and grated rind of one lemon, which have been mixed until smooth, cook until thick. Put in baked crust, beat two egg whites for meringue, and brown in oven.

strange to say, are mostly frequent. By Brown-ups. Never were dolls used more for ornament, fairly peopling studios, living rooms, salons of fashion-houses, etc. They are also being used as decoration on such articles as handkerchiefs, garters and lingerie, as well as New Year's card ends and all kinds of trinkets.

Marie Vasilieff, a popular Russian called "the doll-maker of Montparnasse," is still making her famous character dolls. Matisse, Picasso and Paul Poiret are her latest creations which have been on view at the celebrated Rotonde Cafe. Others at this cafe where artists and Bohemians of every sort talk over spicy gossip are snappy dolls that seem to roll their own, lively Spanish dancers and velvet-eyed Italian ones, dolls with chamomile-skinned faces and limbs. The color is a good one for the flesh and there is no danger of breaking.

There is a growing cult for the little mascot dolls to be seen swinging at every window of closed automobiles rolling down the smart streets and boulevards. Paris shops are showing some amusing loose jointed ones made entirely of peanuts. They are most successful when representing long-faced mandarins. The head made of a peanut, has slanting eyes and drooping mustaches painted on and the loose-hanging feet, made also of peanuts, suggest the shuffling gait of every Oriental. There is a good chance of gaining variety in the rich costumes.

Other engaging little dolls are made of brilliant variegated wooden beads and there are also rag dolls with broad "bone femme" faces, colored

## CONQUER CONSTIPATION EASILY

Kellogg's ALL-BRAN relieves constipation because it is 100% BRAN

Mr. McEnery tried part-bran substitutes — but only ALL-BRAN brought complete relief. Here's what he says:

"For fifteen years I was constantly bothered with constipation. About two years ago I tried out mixed bran and corn flakes but did not get much relief. Some eighteen months ago, I began using Kellogg's ALL-BRAN. From the first week to this good day, I have never had to take a dose of any laxative medicine of any description."

JAMES D. MCENERY, R. F. D. No. 4, Alto, Texas.

Constipation is the enemy of health. The cause of more than forty diseases. Don't let this in-

sidious trouble send its poisons through your body. Pimples, spots before the eyes, indigestion and headaches—are warning signs.

Kellogg's ALL-BRAN is guaranteed to relieve constipation or your money is refunded. Delicious with milk, fruit or with other cereals. Fine in cooking.

Made by Kellogg in Battle Creek, Michigan. Sold by all grocers. Served everywhere.

## Questions About Child's Food

Did my child take a pint and a half of milk today in some form or other? Were the fats which I gave my child of the wholesome kind found in milk, cream, butter, and salad oils, or of the unwholesome kind found in doughnuts and other fried foods? Were all cereal foods thoroughly cooked?

Did my child have an egg or an equivalent weight, about two ounces, of meat, fish or poultry? Were both vegetables and fruits on my child's bill of fare once during the day?

Do I want a free booklet, which explains the general principles which should govern my child's diet, and gives facts about foods he should have and how to cook them?

The Washington Information Bureau of this paper has such a booklet. Just enclose a two-cent stamp to cover the return postage on your copy.

## "I Did Not Know That Ironing Could Be a Pleasure"

"Ironing used to mean a long, hard job when done by hand, for we have eight children. I did not know it could be a pleasure until I purchased my Thor Folding Ironer."—Mrs. Raymond Green. (One of the hundreds of letters received from enthusiastic owners.)

With a Thor Folding Ironer you sit in a comfortable chair and merely guide the pieces through. It irons shirts, collars, etc., as well as flat work. It finishes an ordinary day's ironing in two hours. Electricity does all the work and furnishes the heat (or gas heated if preferred). Just attach to any baseboard electric outlet.

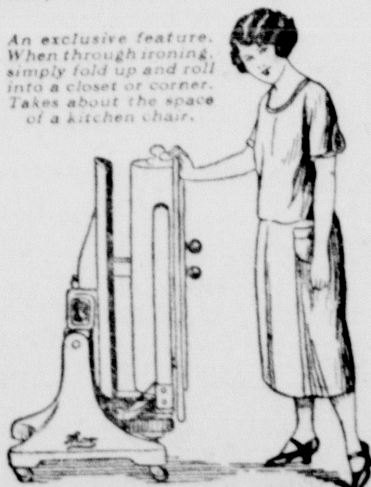

The Thor is small and rolls easily to the most cheerful, sunshiny room to iron.

Call and see the Thor Folding Ironer demonstrated. It is sold on small monthly payments you'll never miss.

## Ohio Wesleyan Team To Debate Colleges On California Coast

DELAWARE, O. (Special).—Three Ohio Wesleyan debaters accompanied by Professor John T. Marshman, debate coach, will leave shortly for the Pacific Coast where they will debate five California colleges and universities during the last of January and the first of February.

The debaters who will make the trip are (top to bottom in above picture) John Pyke, Lakewood; Huret Anderson, Delaware; and Arthur Fleming, Kingston, N. Y. While in California they will debate with University of California, Whittier College, Occidental College, Redlands College and the University of Southern California. On the return trip they will stop at Des Moines, Ia. to debate Drake University February 9.

Ohio Wesleyan's inter-sectional debates have been confined largely to eastern schools heretofore and the university's debaters have competed successfully against such opponents as Harvard, Colgate and Princeton.

plaintiff Feb. 2, last year was for \$1,000 damages and also an injunction against the company which would compel it to remove a sewer and walls it built in California Hollow, East Liverpool, through which the waters of Carpenter's run flow. It is the contention of the plaintiff that because of the construction of the new concrete culvert, back water has increased the property of the plaintiff and that the free course of the run has been stopped by the new box culvert.

Over 50 witnesses have been summoned to testify in this case.

"Six Shooters" on Everybody's Hip  
Pioneer's Cure for Crime Wave

J. T. Botkin, pioneer Kansan, and a conspicuous figure in the early "six-shooter" days when holdups were few, thinks repeal of the gun-toting laws would end the crime wave. The laws never will disarm the underworld, he says, and they prevent honest citizens from defending themselves with lead, as in pioneer days.

MT. UNION ALUMNI  
LEADERS GATHER

Endowment Fund Campaign Discussed at Meeting in This City.

Local alumni leaders of the Salem district of Mount Union collected \$2,000,000 Endowment and Building Fund campaign met Thursday evening at the Quaker Tea House to complete the organization of local college alumni.

W. F. Simpson, chairman of the Salem district, was in charge of arrangements of the dinner which was in the nature of a district alumni conference, all local chairmen being invited. Dr. H. K. Yaggi, president of Mt. Union's Alumni association, made the principal address.

What part local alumni will have in Mount Union's national campaign that will be launched in the early spring was discussed at this conference. In view of the fact that next Sunday, January 24, has been named Education Day in the 40 churches of the North East Ohio M. E. conference, local alumni were designated to cooperate with the various churches. Education Day marks the beginning of a separate church campaign in behalf of Mount Union on the part of the North East Ohio conference.

The Salem alumni district includes Columbiana, Damascus, Greenford, Leetonia, Lisbon, East Palestine, Sa-

lem, Washingtonville and New Waterford. To date more than \$415,000 has been subscribed toward Mount Union's \$2,000,000 total.

FARM WEEK GUESTS  
TO LEARN BY DOING

Free Laboratory Classes  
Planned by University  
For Visitors.

Eyes as well as ears will be useful to visitors at Farmers' Week this year, Feb. 1 to 5, at the Ohio State university. Demonstrations have a place on the program along with lectures.

At noon throughout the week specialists in agricultural engineering will conduct laboratory classes for the visitors in rope knot tying and splicing, in adjusting binder heads and knotters, in motor ignition and valve timing and in bearing babbling.

Stockman will have opportunity to use a trained eye in the judging of beef and dairy cattle conducted by the animal husbandrymen at the state university.

For farm women particularly there will be a sewing machine clinic, an hour or two when questions on sewing machines will be answered with

the machines there to demonstrate the answer. A demonstration in the preparation of vegetable dishes is also on the program.

Motion pictures and illustrated travelogues by Dean Alfred Vivar of the college of agriculture, H. C. Ramower, director of the agricultural college extension service, and Julius H. Stone, a trustee of the Ohio State university, are scheduled as part of the entertainment provided for Farmers' Week visitors.

Exhibits and such events as a parade of draft horses from the university farm, will also call the visitors' eyes in use. Almost every department in the agricultural college has in preparation an exhibit of interest to farmers.

An average of 25,000 visitors are killed annually in the great forest of Fontainebleau, near Paris.

A Grouch Not Wanted

There is nothing so harmful to success as being a grouch. Stomach, liver and intestinal troubles make one grouchy. MAYR'S ONE DOSE WILL CONVINCE." will help overcome these and usually gives complete results.

Our advice to everyone troubled in this way, especially when accompanied with bloating in the stomach, is to try this remedy. It is a simple, harmless preparation that removes the entangled mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. At all druggists.
